

MAP Summer Teaching Positions Apply Now

ALearn's summer Math Acceleration Program (MAP) helps students improve their pre-algebra skills and starts them on a path to college. Over 19 days, students engage in hands-on math activities, Khan Academy exercises, interactive games, a field trip to a local four-year university, and events such as the College Inspiration Event to build a college-going culture and prepare for success in math classes in the fall.

District teachers lead the classrooms with the support of college student teaching assistants. ALearn is currently recruiting teachers for MAP 2018.

Responsibilities

- Deliver math curriculum to classroom of 25-30 students entering 5th, 6th, 7th, or 8th grade
- Administer pre- and post-assessments and attitudinal surveys
